

A WARMER GOTHENBURG

As you all know, the whole world has recently been impacted by the Corona virus. New questions have arisen, various restrictions have been recommended, and above all, the lives of people have been affected.

We believe this is a time for us as a congregation to be a "different" church than usual. Instead of settling, we're realigning. It challenges and inspires all of us to be creative.

The priority in this season is not activities, but people — many are at risk in terms of health, but there are also many who are lonely and isolated.

We believe in a congregation that steps forward and is a resource, not only within our own church but for the whole community. As someone said, "We may not be able to touch each other, but we can take care of each other."
