

VI23 -an evening you don't want to miss!

Wednesday November 30th at 18.00 we invite you all to attend a **VI23 evening**.

It's all systems go when it comes to our preparations for moving into our new church premises.

Sprouting from thoughts & dreams we are now planning new branches of ministry & structures.

Big dreams and daring thoughts are starting to form and we want to share these with you.

We want to present new and old challenges and help you realize that there's place for everyone to assist.

We want to continue dreaming of what we've not yet seen and continue with what we already have.

What's happening regarding our new company formation?

What's happening regarding our new Second hand store?

What's happening regarding our new facilities?

What's happening in our city?

What's happening regarding what we have at the present?

Welcome to come and take part as we chat and socialize together over a cup of coffee or tea!
