

ALPHA—A COURSE IN CHRISTIAN FAITH

Alpha presents an opportunity to explore the meaning of life. The course is designed for those that are curious about the Christian faith.

It is also meant for those that have recently become a Christian and want to know more about what it means to live with a belief. The same course has been run by Christian churches all over the world.

For 10 Mondays and a Saturday, we'll explore life's BIG questions in an open, informal and honest environment. The course is run in both Swedish & English.

We start by eating together, watch a film or listen to a lecture on the subject of the day and then discuss the subject in small groups.

Course start: Monday September 22nd 18.00– 20.30

Venue: Frihamnskyrkan

Cost: You pay for the meal. We'll supply the material
