

Welcome to Smyrna International Ministry

Hi and a warm welcome to this short introduction of who we are.

We are known as Smyrna International, a multicultural focused ministry and part of Smyrna Frihamnskyrkan, a Pentecostal Church located in down-town Gothenburg, Sweden.

Smyrna Frihamnskyrkan consists of members from a vast number of different countries.

We're situated in the heart of Gothenburg, easily accessible both by public and private means: Tram to Frihamnen stop or Frihamnsporten bus stop. Check out a detailed timetable for Gothenburg public transport at www.vasttrafik.se

We moved to our new location a couple of years ago but are still in a very central part of down-town Gothenburg, FRIHAMNSKYRKAN (see Google maps).

Check out our calendar on this website for info regarding English speaking gatherings or <http://www.smyrna.se> to find up to date info about our various gatherings in our church as a whole.

We also encourage you to keep an eye open for up-to-date news via our Facebook page or Instagram:

As a church ministry focused on the English-speaking community that might be here in Gothenburg either as long-term or short-term residents or might just be looking in for the weekend as tourists.

We have four main goals, that is: In an atmosphere of love, we strive to develop, serve and connect with those around us.

Our deep desire is to assist all that visit us to be true disciples (followers) of Jesus and not only be disciples but strive to pursue the calling and commission Jesus has given us to also make disciples and lead others to Christ.

We are experiencing very unsettling times on many different levels of society; many challenges have risen and want to potentially create fear in us. We believe that God is greater and wants to use His church in an even greater way to influence society and people's lives. We believe God has given the church as an instrument for guidance and change in our unstable world. Our prayer is that we would be sensitive and hear His voice and direction throughout this year.

We hope that this site will inform and inspire you! If you happen to be in Gothenburg, you are always welcome to visit us and join us on the journey of a lifetime at Smyrna Frihamnskyrkan, Gothenburg!

God bless you!
