August 22-23

PAY IT FORWARD

PAY IT FORWARD - Autumn Kick-off weekend! **August 22-23**

God's dream for us is all about multiplication – being in an environment where spiritual life is constantly reborn. We're facing an exciting journey over the next three years, where we want to see our faith set in motion and make Jesus known, loved and followed in new ways. But how do we become the church God calls us to be in this new season?

It is with great anticipation that we warmly welcome Egil Lund Svartdahl back to Frihamnskyrkan! We can't forget last time he visited us and know that we can look forward to a weekend of faith for the future, visionary teaching, a good laugh and great fellowship. Of course, we'll also enjoy eating together.

The theme for the kick-off weekend is Pay it Forward. We believe that the best in life is given through Jesus Christ and we want to share the best we have: with each other and with others. We simply want to Pay it Forward - pass it on!

This year, we're investing even more into the well-being of the whole church family. Parallel with the seminars, the kids will be busy with the "Detectives' children's meeting", film, playing, etc. This means that you as a parent can sit down in peace and quiet and get inspired, while your kids have their own kick-off adventure in church.

During our Sunday service, Egil Lund Svartdahl will be preaching. And before and after the service, there will be a large volunteer fair!

Egil has extensive experience as senior pastor at amongst other places Filadelfia Oslo. His heartbeat is about a church for all generations and all of life. When summing up his biggest challenge as a pastor, he says: "It's how we manage to build a church for all generations while winning new people at the same time!" He has through the years accumulated both good and bad experiences that he's not afraid to share as part of his story.

Kids Meeting

Vivi and Mimmi work at the Detective Agency where their task is solving cases. In addition to ordinary detective work such as looking for clues and using a magnifying glass, they use the Bible, because in the stories there are tips that can still be used today.

The detectives: Victoria Wikberg and Martina Lardmo are an appreciated children's meeting duo from, among other things, the Hönö conference.

This is what the programme looks like on SATURDAY
