SMYRNA DISCIPLE

The purpose of the Smyrna Discipleship course is to take another step in discipleship. We are disciples together, so conversation and fellowship are important parts of the course.
No matter how new or old you are in your faith in Christ - join us and we will take one step further together with you!

We will be meeting for 3 Saturdays from 09:00-13:00 in Frihamnskyrkan, floor 5 (room Azusa).
We´ll start with breakfast at 09:00.

The theme of the morning is presented in short lectures.
In small groups, we´ll talk about issues related to the theme and how they relate to me as a disciple.
Of course, we also talk to God and read His Word, and each time we also learn something about "How Smyrna functions".

The Smyrna congregation lives with the vision of the "hand" and the 3 occasions of the course are connected to the example of the fingers of the hand.

October 24th Me, a disciple...

November 7th ... On a mission Love...

November 14th ... for our City.

The course leaders are Annette Runsteen and Peter Kammensjö.
Some of the church's pastors and members of the congregation will also participate as lecturers.
All teaching is simultaneously interpreted into English. When it is time for reflection, we´ll create some smaller groups that converse in Swedish and some that converse in English.

The course is free of charge and you pay what you can for the breakfast.

Smyrna Discipleship is a natural step for those who are new to the Smyrna church, but the course is also open to those who have been involved for a long time.
